

# Projects

## Infrastructure development

### Local Municipality

The Mohokare Local Municipality is implementing the following major projects:

- Upgrade of Zastron sewerage treatment works
- Upgrade of the Caledon Water Scheme Phase 2 (14 km supply line) at Smithfield
- Upgrade of Caledon Water Scheme Phase 2A
- Upgrade of Caledon Water (2 to 14 km)
- Construction of reservoir and extension of pipes at Zastron
- Roleleathunya and Rouxville – Internal Streets and Related Storm water 4.14km
- Phomolong/Zastron Internal Streets and related Storm water 2km phase 1

### Provincial government

The Free State provincial government prioritizes the investment in infrastructure development programmes to be implemented in the Mohokare municipality and continues to align its planning with the respective needs of the local government sector.

### Health

The construction of a Community Health Centre is in progress in Zastron and a clinic is under construction in Rouxville. Both projects are estimated to be completed during 2013.

### Sport, Arts, Culture and Recreation

A library building is under construction in Smithfield.
