## **CHAPTER 1: 2011 / 2012 IDP: MOHOKARE PROCESS**

### **1.1. INTRODUCTION**

In 2002 the first comprehensive Integrated Development Plan was adopted for the Mohokare Local Municipality in terms of the Municipal Systems Act, Act 32 of 2000. This IDP is annually reviewed and all these reviews focus on the appraisal of the 2002 IDP and continuously addressing the MECs comment(s).

In 2010, the re-assessment and re-evaluation of facts in the Municipality took into consideration the following critical issues:

- Changed local, regional and national circumstances.
- New and updated available data.
- Comments received from the MEC on IDP Reviews.
- The Xhariep District IDP framework

Mohokare Local Municipality faces a challenge of implementing a developmental agenda to meet the needs of the people within the framework of sustainable development, which aims to integrate the three pillars of Environment, Society and Economy. The term “sustainable development” can be defined as development that meets the needs of the present without compromising the ability of future generations to meet their own needs.

In this review document Mohokare is striving to address a sustainable development concept in the manner described above.

## **1.2. THE IDP PROCESS**

A Process Plan was prepared and submitted to Council for approval. The 2011/2012 IDP is prepared in accordance with the context of this Process Plan and specifically according to the new guidelines provided by the Corporate Governance and Traditional Affairs. The process followed is set out as stated below and is contained in the IDP guides:

- Analysis
- Strategies
- Projects
- Integration
- Approval

## **1.3. ORGANISATIONAL ARRANGEMENTS**

### **1.3.1. Municipal Council**

The Municipal Council is chaired by the mayor. Its role in the IDP formulation or review process shall include the following:

- Oversee the development and review of the IDP
- Adopt the Integrated Development Plan review and Budget

### **1.3.2. IDP Office**

The IDP Manager delegated by the Municipal Manager will manage and coordinate the municipal IDP process. In terms of the process the IDP manager is tasked to:

- Ensure that the Process Plan is drafted and adopted by the Municipal Council;
- Manage the local municipal IDP by ensuring that all daily planning activities are performed within an efficient and effective consideration of available time; financial and human resources;

- Encourage an inclusive participatory planning process and compliance with programme of action.
- Facilitate the horizontal and vertical alignment of the various internal and external departmental programmes
- Ensure that the planning process outcomes are properly documented
- Manage service providers engaged in the municipal IDP process
- Chair the IDP Steering Committee
- Nominate persons in charge of different roles.
- Responds to comments on the draft reviewed IDP from the public.
- Adjusts the IDP in accordance with the comments of the MEC for Corporate Governance and Traditional Affairs.
- The Municipal IDP Office will engage with various government departments and other HoDs to ensure that all the projects, strategies and objectives of the local municipality are shared and distributed amongst government departments so that they must incorporate them in their planning process and vice versa

### **1.3.3. IDP Steering Committee**

The IDP steering committee comprising of internal senior management (extended to Councilors) will be tasked to:

- Provide technical and advisory support to the IDP Office
- Perform daily planning activities including the preparation and facilitation of events; documentation of outputs and making recommendation to the IDP Manager and the Municipal Council
- Commission feasibility studies and business plans for projects
- Commission in depth studies
- Prepare, facilitate and document meetings
- Act as the secretariat for the IDP Representative Forum.

Meetings shall be held as per the action programme or when considered necessary by the chairperson.

### **1.3.4. IDP Representative Forum**

The IDP representative forum will be chaired by the Mayor and will be composed of representatives from the following institutions or interest groups:

- Secretariat of IDP steering committee
- Councilors
- Ward Committees
- Traditional leaders
- Chamber of businesses
- Youth groups
- Rate payers
- Agricultural Union

- Members of Organised Women Groups
- HIV and AIDS council
- NGO's and CBOs
- Government Departments
- IDP Steering Committee
- Ward Committees
- Community Development Workers

The task of the representative forum shall be to:

- Represent the interest of various constituencies in the IDP process
- Provide an organizational platform and mechanism for discussion, negotiation and decision making between stakeholders
- Provide a communication mechanism for the exchange of ideas and opinions among the various stakeholder interest groups
- Participate in the setting up of key performance indicators including the monitoring thereof in line with the Performance Management Manual of the Municipality.
- Monitor the performance of the planning and implementation process.

### **1.3.5. Public participation**

In order to ensure effective public participation the following means will be utilized.

- Use of IDP Representative Forum to discuss and agree on strategic issues and priorities
- Use of ward committees to ensure that community priorities are adequately captured & reflected in the IDP.
- Provision for public comments on the reviewed draft IDP
- Newspaper advertisements to inform communities of the process

### **1.3.6. GENERAL DEVIATIONS**

The steering committee, whose work was to formulate the IDP, was hampered by various factors, which affected its effectiveness and ability to deliver a credible document by the tabling of the first (1<sup>st</sup> draft). Challenges that faced the committee include amongst others:

- Non-commitment to adherence on the set dates in the approved process plan by councilors and officials.
- Assumption by all Municipal Departments that the development & review of the IDP is the sole responsibility of the IDP Office.
- Lack of proper organized stakeholder mobilization for attendance to meetings
- The forth coming May 18 Local Government Elections bring a challenge of limited time to complete the review process.

In spite of the challenges the committee was faced with, a draft IDP has been tabled by the Mayor to Council in the set time-frames as per MFMA Circular 54, although there are certain public consultations outstanding that will take place during the 21 day advertisement period.

### 1.3.7. ALIGNMENT

The district framework was developed together with Local Municipalities in the District during the preparation phase was used as the basis for alignment during the IDP process, taking into consideration what the MFMA circular 54 (*budget circular for the 11/12 MTREF*) dictates that Council must choose one option for the purpose of the review, where which council has opted for option one; which states that Council will review and finalise the adoption prior to the local government elections being held. And the district IGR resolved that participation by Sector departments will take place via the district IGR forum, which did happen as planned.

### 1.3.8. LEGALLY BINDING DOCUMENTATION

Mohokare Municipal Council shall ensure that the IDP complies with the following normative frameworks / plans:

- Treasury Regulations and Guidelines
- National Environmental Management Act (NEMA) of 1998
- Development Facilitation Act (DFA) of 1995
- Housing Act
- Municipal Finance Management act
- Municipal Systems Act (MSA) of 2000
- Municipal Structures Act

It will also ensure that it is aligned with the following:

## CHAPTER 2: ANALYSIS

### 2. LOCALITY CONTEXT

Mohokare Local Municipality is situated in the Xhariep District (Free State Province), it measures 8 748, 53 km<sup>2</sup> and comprises of three main areas; Zastron, Rouxville, Smithfield and the surrounding farm areas. The new ward demarcation has allocated six (6) wards to Mohokare; previously there were only 5 wards.

## 2.1. CURRENT REALITIES

This Section involves an analysis of current conditions and circumstances prevalent and shaping the Mohokare Local Municipality. These are the issues and matters that the Mohokare deals with in order to meet their constitutional responsibilities, bring about change and a better life for all.

These current realities range from socio-economic aspects to engineering infrastructure and within each category of analysis the critical issues and challenges are identified together with possible ways of tackling and addressing them, i.e. solutions that could be taken forward in the Strategies Section of this document.

To analyse current realities various sources of information and data were used, such as:

- Census 2001 with 2003, 2006 and 2007 Community Survey projections by Stats SA and the Municipal Demarcation Board.
- Extrapolated data from the previous IDP documents
- The Xhariep District Potential Analysis report
- XDM latest data and information.
- Any other appropriate and relevant reports specific to the Mohokare Local Municipality within the public domain.

Important to take to consideration is that the Municipality in partnership with the Independent Development Trust (IDT), are in a process of completing the ward profiles for all 6 wards in the area, currently outstanding is ward 6 in Smithfield. This report can only be incorporated into this document once it has been tabled and adopted by council, in the interim, we use the statistics provided by stats SA and other sources.

## 2.2. Demographic Realities and Socio Economic dynamics

The community survey conducted in 2007, estimates the population of Mohokare to be at ±41 867 with 10 216 households.

## 2.3. Safety & Security

Please see annexure **A1** for crime statistics

## 2.4. Health

Mohokare has 2 hospitals, each in Zastron and Smithfield. Up to now all clinics have operated only from 7:00 to 15:00 making it less accessible for people employed during the day. However there are mobile clinics that are available for areas that are far from the clinics located in Matlakeng, Mofultsepe and Roleleathunya, farm areas also are serviced through the mobile clinic facility. There is a shortage of staff at clinics, which hampers the extension of operating hours. Doctors are also not available full time at clinics.

More people are infected with HIV/Aids and this put a lot of strain on the existing health resources and facilities. There are no HIV and AIDS care centers in Mohokare, other than NGOs assisting in this regard, e.g. the Home-based care givers and the Tshepanang HIV and AIDS group in Smithfield.

Emergency services: Ambulances are under the control of the Free State Provincial Government, Department of Health. The perception of the community is that emergency services are under

capacitated in terms of human resources and equipment, And a service delivery challenge with regards to EMS is that some internal Municipal roads are not trafficable, this hampers the effectiveness of this critical service.

The following table gives an overview of the current situation with regard to health facilities. Health Facilities in Mohokare

TOWN / AREA	HOSPITALS	CLINICS
Zastron	1	0
Matlakeng	0	1
Rouxville	0	0
Roleleathunya	0	1
Smithfield	1	0

Estimated Housing backlog is 2340 for Mohokare Local Municipality

## **2.6. Disaster Management and Fire Emergency Services**

Mohokare does not have the capacity for disaster management, however municipal supervisors have been taken for training in this field to assist the district as this is its core function. There is a disaster management plan within the Municipality and it was reviewed during 2011; this was developed through the assistance by the Xhariep District Municipality and Corporate Governance and Traditional Leadership. The plan is herein attached as annexure **A**.

## **2.7. Economic and Environment**

Data provided in the Municipal LED strategy is regarded as outdated and needs to be reviewed in order to reflect current realities and challenges for a good turnaround strategy, the LED strategy that was previously adopted does not reflect the economic realities in Mohokare attached as annexure **B**, and this review has identified tasks that the Municipality will undertake in the 2011/12 financial year, an action plan will be drawn and financial assistance will be accessed through the Provincial Government and institutions such as the Independent Development Trust.

The Local Economic and Tourism development action plan will include among other activities the following;

<b>Activity</b>	<b>Time Frame</b>	<b>Objective(s)</b>
<b>Phase 1</b>		
1. Establishment of ward based data business / economic collection centers / units	June 2011	Inception of economic needs analysis
2. Data collection: employment and unemployment figures per ward	June 2011	Data collection
3. Identification of Mohokare economic role players / drivers per ward (economic sectors)	July 2011	Economic situational analysis

4. Identification of economic sectors per town	July 2011	Economic analysis
5. Establishment of Local Economic Development Forums per town	July 2011	Bottom – up approach
6. Tourism related data collection	July 2011	Tourism profile
7. Roads infrastructure status quo report for every town	July 2011	Mobile access to the local economy
8. Economic profiling of every town	August 2011	Status quo of Mohokare’s economy
9. Competitive assessment of Mohokare, comparison to economies surrounding the area of Mohokare.	August 2011	Competitive assessment
10. Corrective economic practices documented	September 2011	LED& Tourism development corrective practices
<b>Phase 2</b>		
11. Formulation of the LED and tourism development strategy (through partnership with communities, provincial government and other business partners)	October 2011	Local Economic development
<b>Phase 3</b>		
12. Implementation of LED and Tourism development strategy	November 2011	Sustainable local economy and livelihoods
13. Review of LED strategy	August 2012	Ensuring sustainability through changing needs

The guiding documents used by the Municipality are the District development plans.

The municipality together with the District is in the process of finalising the environmental management plan that will be informed by the Xhariep District environmental management plan. It is very important that the municipality practices and implements issues pertaining environmental preservation and conservation as it strives for economic development; the environment should not be rendered ineffective due to developmental goals, the National Environmental Management Act is key in this instance.

## **2.8. Institution and Finance realities**

Mohokare has managed to review its organisational structure that was approved in 2010, and is currently engaging in the exercise of the annual review of the structure. The top management of the municipality is tabled below:

The current organizational structure is attached as annexure **C**.  
 The current challenge is the 44% salary bill in the total budget of the municipality.

The Municipality is still faced with a challenge of acquiring skilled and competent staff in order to yield favorable output in terms of service delivery, the Workplace Skills Plan is attached as annexure **D** and we are also still faced with poor revenue base to fund our operations, therefore rendering us as a grant-dependent Municipality / Institution. There is currently no Human Resource Development Policy in place but there is a Human Resource Manual adopted by the Municipality, attached as Annexure **E**. There is also an Employment Equity Plan in place adopted in 2011, which is attached as annexure **F**.

The Municipality is currently functioning without an appointed Chief Financial Officer, which makes the MFMA compliance a challenge;

However the municipality has the following policies

1. Indigent Policy, attached as annexure **G**.
2. Supply chain management policy, attached as annexure **H**.
3. Procurement policy, attached as annexure **I**.
4. Budget policy not attached.
5. Banking Policy and Investment policy, not attached.

The Municipality managed to review its draft budget and is attached as annexure J, which will be aligned to the IDP after the consultations and comments submission by the community.

## **INTERNAL AUDIT**

Mohokare Local Municipality has an Internal audit unit that is currently staffed by 1 Internal Auditor, which is not sufficient for the Audit challenges that face Mohokare. Hence the proposal has been made and tabled to management that the unit needs to be increase in order to deal with the

capacity of queries already that have to be resolved, and at the same time be proactive enough to prevent future queries from happening.

Mohokare was given a disclaimer in the previous financial year, action plan has been drawn and finalized for resolving the queries raised from 10/11 the financial year.

Below is the Action Plan:

## **ACTION PLAN OF MOHOKARE LOCAL MUNICIPALITY ON THE 2009/10 AUDIT REPORT BASED ON MANAGEMENT REPORT QUALIFICATION FINDINGS**

### **INTRODUCTION**

Section 131 of the MFMA prescribes that: *“A Municipality must address any issue raised by the Auditor-General in an audit report. The Mayor of a Municipality must ensure compliance by the Municipality with this subsection”.*

### **PURPOSE**

The purpose of this document is to prepare an action as prescribed by MFMA section 131.

### **BACKGROUND**

## 2.9.INFRASTRUCTURE INVESTMENT

The technical department has been operating for the past 5 years without an appointed Head of department, part of what has had influence to this situation was financial constraints; however the department has managed to establish a Project Management Unit section as tabled below with the following positions that have already been filled;

The department is also responsible for the following;

1. Civil & Mechanical Works
2. Parks, Cemeteries and Recreation
3. Electricity
4. Water and sewerage services
5. Waste Management
6. PMU

The municipality had procured fleet for the purpose of service delivery and machinery; but financial constraints could not permit the Municipality to continue with the payment of this fleet, and took a decision to relinquish the fleet through a court of law because the municipality could not sustain the financial commitments of fleet purchase due to cash-flow challenges. And therefore other avenues are being sought to allow the municipality to have machinery yet not burdening the financial coffers.

Vehicles have been purchased so as to allow operations to continue without any hamper as alternative plans are being drawn to increase the equipment and fleet for intense service delivery.

Summary of status quo of some services provided are stated in the table below;

Area	Comment
------	---------

Drinking Water	Well maintained service, drinking water quality monitoring programme attached as <b>annexure K</b>
Water safety & security	Well maintained service attached as annexure <b>L</b> Is the water safety & security plan
Water Conservation and Water Demand Management plan	Fairly managed process and the plan is attached as annexure <b>M</b>
Roads	The state of Roads generally are in a bad state, municipality will strive to develop and implement a Roads& storm Water drainage Master plan in the 11/12 MTEIF period
Infrastructure Network	Some of the Infrastructure network of the municipality is old and non-responsive to capacity needs.

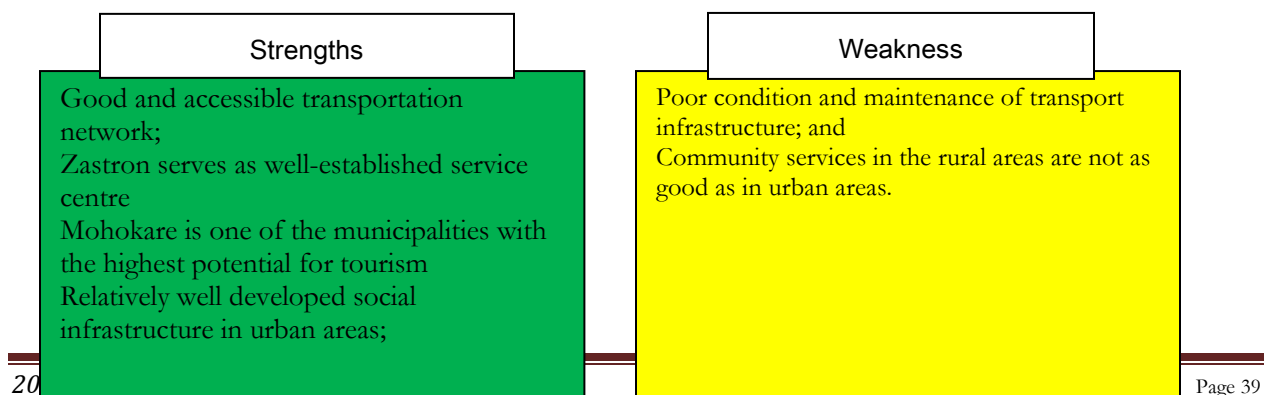

## OVERVIEW: INSTITUTIONAL ANALYSIS

<b>Strengths</b>			
<b><u>Structure</u></b>	<b><u>Systems</u></b>	<b><u>People</u></b>	<b><u>Strategy</u></b>
Stability – core systems and institutional memory intact	Strong budget control system	HR policies generally in place including issues of racial discrimination in the workplace, sexual harassment, recruitment and selection.	<b>The Municipality is now strategy – led</b>
	Service delivery continuity maintained	Skills development and employment equity; Skills Development Committees operating	
	Functioning management and control system	Internal HIV/AIDS policy in place	
		Occupational Health and Safety Committee operating;	
<b>Weaknesses</b>			
<b><u>Structure</u></b>	<b><u>Systems</u></b>	<b><u>People</u></b>	<b><u>Strategy</u></b>
Lack of support for political governance structures and processes;	Weak internal audit and asset management capability;	Lack of comprehensive Employment Equity Plan;	No strategy and operations of the municipality were previously strategy – led.
Weak and under-capacitated corporate Centre;	Cost control and efficiency levels need improvement;	Approach to skills development not strategic and does not fulfill full requirements of Skills Development Act;	
		No career planning policies in place	
Functional “silos”; · Roles and responsibilities within the body politic, at the political/administrative interface and within the broader organisation need further concretization;	No proper performance management system in place;	Investment in and access to training needs to be improved;	
Current structures and operations of Council are unable to meet new service delivery challenges.	Lack of indicator-based performance measurement;	Current conditions of service and remuneration structure are inflexible;	
There is a need to look at new ways of delivering services and managing service delivery; · Very little organisational flexibility; · Weak customer care infrastructure.	Lack of an integrated information management system that supports strategic decision making;	Lack of workplace justice;	
	IT division under-capacitated and function not strategically positioned.	Need to consider streamlining disciplinary procedure	
	The Municipality is not client & employee – focused; there is no reward for excellence, encourages innovation, promote accountability or adequately champion equity.		

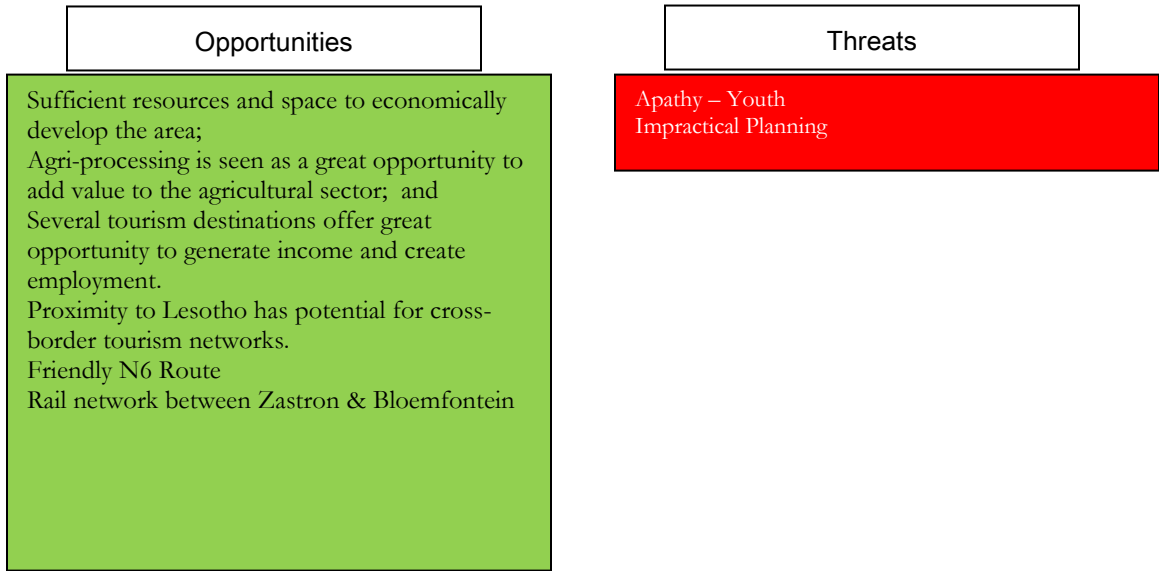

### **CHAPTER 3: SPATIAL ANALYSIS**

The Municipality managed to update the current Spatial Development Plan with the assistance of FS CGTA and DBSA, this plan is herein attached as Annexure **N**.

## CHAPTER 4: SWOT ANALYSIS, DEVELOPMENT NEEDS AND STRATEGIES

**4.1. OVERALL CLUSTER SWOT ANALYSIS: MOHOKARE LM**

**ECONOMIC DEVELOPMENT CLUSTER**

<b><u>STRENGTHS</u></b>	<b><u>WEAKNESSES</u></b>
<p>The Municipality has dedicated LED Office in place.</p>	<p>There is lack of understanding of the local context and the potential positioning of development potential for Mohokare</p>
<p>Locally developed though not integrated tourism area</p>	<p>Lack of exploitation of opportunities in tourism and agricultural development</p>
<p>Strong Agricultural and Tourism sectors</p>	<p>Lack of a structured way to address enterprise development (SMME, BBBEE)</p>
<p>An already existing rail road to Bleamfontein (also from East London - Zastron - Bloemfontein)</p>	<p>Inability to explore external capacity</p>
	<p>No proper alignment to other spheres of government</p>

Lack of internal capacity to deal with LED

Lack of programmatic, aligned activity implementation aligned to other development authorities or sectors

Lack of knowledge and skills in the municipality to develop LED plans, strategies and initiatives

Lack of interest in the Rail related economic development

No Public Transport Plan to facilitate economic growth in this sector.

### **OPPORTUNITIES**

Large number of SMEs and SMMEs registering their businesses.

Friendly N6 and the Maluti Tourism route

Potential of the Smithfield Activity Centre (Truck Stop)

Potential of the already existing rail road from East London to Bloemfontein.

Potential economic activity due to the makgaleng road and border post.

Proximity to Lesotho (demand for services from the South African economic sector e.g. agriculturally related business)

Agricultural expansion and capacity

Zastron Mountain and its tourism potential

Existence of Heritage and natural attractions

Sports and leisure events (4x4 Trails)

Proximity to other provinces

### **THREATS**

Lack of exploitation of potential catchments from the main routes and gateways to other provinces and Lesotho

Poor roads infrastructure

Lack of skills

Lack of focus on development and implementation of LED in the Municipality

Lack of Practical Implementation of SMME development

### **LED: DEVELOPMENT NEEDS AND STRATEGIES 2011 – 2013**

## **CHAPTER 8: CAPITAL INVESTMENT PLAN**

The aim of the Capital Investment Plan is to review the capital projects in the IDP taking into account activities which have already been undertaken by the municipality and service providers aiming at delivery in the municipal area of jurisdiction. Central to this process is the completed review of the objectives, strategies and proposed projects of the 2009-2014 periods. The objectives of the Capital Investment Plan can be summarized as follows:

- To link capital projects with potential sources of funding;
- To strive to ensure appropriate budget - IDP linkages; and
- To provide practical and appropriate service provider and IDP alignment regarding capital investment, sources of funding, operational and capital budgets and factors supporting capital investment planning and delivery.

### **8.1 APPROACH, METHODOLOGY & OUTPUT**

The primary aim of the IDP and the capital investment aspect of the Review are not to rewrite the IDP but to focus on the capital investment aspects of the IDP and to indicated gaps and make recommendations where appropriate.

The capital investment approach and procedures should not take the form of comprehensive and detailed planning, but rather take a strategic form focusing on procedures which will achieve the intent of a strategic focus including investment reform in keeping with the development priorities and capacity of the Municipality. Integration is important and therefore the links between the strategies, resources,

proposed projects and the available institutional capabilities need to be carefully considered; there should be close links between planning and the operational and capital budgeting process.

The approach to the review is based on the new principles underlying strategic, “credible” IDP processes and the guidelines to local level planning entails:

- A strong focus on the sustainable delivery programmes that have been agreed to in the consultation process undertaken thus far, where appropriate the gaps in this element need to be attended to and unrealistic elements need to be tailored to suite the capacity and focus of the Municipality.
- The focus needs to be on sustainable programmes

Given that Mohokare is a much grant “dependent” municipality, the capital investment plan focuses more on Municipal Infrastructure Grant related projects than other source of revenues apart from contributions by other government Sector departments.

The total capital requirements of the reviewed IDP for a three year projection, amounts to **R748m** and there is a shortfall of an amount of **R367m** that the Municipality has to source for the intended projects identified with communities during all the phases of the review.

The table below shows a summary of capital investment;

## CHAPTER 11: Approval

This document will be tabled for as a draft document to the Council and thereafter, an advert on local paper will be placed to invite comments on the 2011 / 12 draft IDP Review. A period of 21 days has been allocated in the process plan for this exercise.

After allowing for and receiving the comments the document will be amended in line with the comments received and then submitted along with budget 2011/12 as final IDP Review 2011 for adoption by council and implementation.

The adopted IDP document and budget 2011/12 will be summarised and taken on a road show to all our wards by the mayor via the scheduled mayoral Imbizo programme. The main aim of this exercise will be to ensure continuous buy-in and support for IDP Review 2011 implementation.

The municipal manager (IDP Manager) will reproduce copies for distribution to relevant authorities such as MEC for CGTA in the province, the District and other development agencies that will be lobbied to contribute to the development agenda of municipality.
